Gestational Diabetes Service Cork 2013

Gestational Diabetes is diagnosed using a 75gm Oral Glucose Tolerance test.
This is usually performed at 24-28 weeks gestation as per 2010 guidelines.

A diagnosis of Gestational Diabetes is made if one or more of the following values are met or exceeded -HSE Guidelines for the management of Gestational Diabetes 2010.

Fasting= 5.1mmols/l

1hr pp =10.0mmols/l (currently not done at CUMH)

2hr pp =8.5mmols/l

To refer a patient with Gestational Diabetes you can either post a referral or Contact CUMH Diabetes Services Diabetes Nurse Specialist/Midwife on 086 7872434

Diabetic Clinic is on Monday afternoon in CUMH with

Dr M. O'Riordan (Consultant Obstetrician)

We currently have a limited combined Obs/Endo clinic on Monday afternoon with Dr O'Riordan and Dr.Tuthill.

In addition to the combined clinic we refer to an Endocrinologist in the local General Hospitals:

Dr Matthew Murphy in SIVUH 021 4926100

Diabetes centre SIVUH 021 4926261

Dr Antionette Tuthill in CUH 021 4922333 (sec)

Dr Domhnaill O'Halloran in CUH 021 4922474 (sec)

Diabetes Day Care CUH 021 4922213
